

Exchange Aviano High School

On 28th March 2018, 33 students of our school went to the Aviano Air Base as part of the exchange with the Aviano High School (AHS).

At 9.00 a.m. we arrived at the Aviano Air Base where we met our exchange partners for the second time. After all the meetings and greetings the Italian students followed their American mates to their class to attend their different periods and understand the differences between the Italian school system and the American one.

At 12.25 p.m. everyone had lunch at the Cafeteria of the school where every student had a slice of pizza! After lunch and after the Seminar the American students gave us a tour of the whole school and before our departure both Americans and Italians ended up on the field playing soccer and baseball or chitchatting.

At 2.30 p.m. we had to depart and we thanked and said goodbye for the last time to our partner.

At 3.00 p.m. we arrived at Pordenone and everyone was very happy and grateful for this experience.

We all hope this exchange will continue in the future.
